

# National Jellybean Day

## April 22nd

# Jellybean Art!

**Celebrate National Jellybean day with this fun and relatively inexpensive art program!**

### **Materials Needed:**

Self Adhesive Collage Board:

<http://www.dickblick.com/products/hygloss-collage-sticky-boards/>

- 1 Bag of regular jellybeans per teen: I found these at the Dollar Store for .99 a bag
- 10-12 bags of jellybeans in various sizes and colors
- 1-2 cans of clear protective spray which can be found at Michael 's or AC Moore
- The self stick collage board can be colored on with crayon however once colored it will no longer have any stick to it.
- Let the teens be as creative as they want, they will amaze you!

Another part of the program could be a jellybean taste test with all of the different flavors and brands... If they don ' t eat all of the ones you put out for the art project!
